STOCK MARKET LACKS INTEREST. BUT A FIRM TONE PREVAILS.

Moderate Foreign Buying Served to Maintain Prices-Local Markets Steadily Improving.

At New York, yesterday, money on call was ea at 2@3 per cent.; last loan, 214; closed at 21/2 per cent.

Prime mercantile paper, 4651/2 per cent. Sterling exchange was a shade easier, with actual business in bankers' bills at \$4.89%@4.89% for demand and \$4.88%@4.88% for sixty days; posted rates, \$4.88\\2014.89\\2 and \$4.90@4.90%; commercial bills, \$4.871. Silver certificates, 66% @67%c; sales, \$40,000. Bar silver, 66%c. Mexican dollars, 53c. At London bar silver, 30%d per ounce.

Total sales of stocks were 142,870 shares, including: American Sugar, 29,700; Atchison, 7,300; Burlington, 13,200; Chicago Gas, 5,800; Distilling certificates, 10,600; General Electric, 9,700; Louisville & Nashville, 3,200; New Jersey Central, 4,000; North American, 6,400; Reading, 4,500; St. Paul, 7,700; Western

Union, 3,000. The stock market was even deller yesterday than on Monday, and, if anything, less interesting. The tone of the dealings, however, were somewhat firmer, and most of the shares traded in showed advances on the day. There are a large number of shares which are lower than at the close of Monday, and they include the grangers, most of the coalers and some of the leading industrials. Moderate foreign buying and advices of a good London market for Americans helped the bull side of speculation here. A firm tone prevailed at the opening, but the volume of business was light and the trading soon became irregular. The coalers continued strong, Delaware & Hudson selling up 1 per cent. and New Jersey Central %. On the other hand, Sugar and Manhattan fell off %, and other shares a smaller fraction. After 11 o'clock the industrials moved up, while the coalers took a downward turn, New Jersey Central losing 1% per cent., Delaware & Hudson 1, and Reading % per cent. Sugar was in good demand and sold up 1%, and the grangers made slight gains, but before noon Burlington was forced down 1 per cent., the other stocks of the group reacting a small fraction. After midday speculation became dull and there was but little movement in the actual active stocks. Michigan Central rose 2% and C., G., C. & St. L. 1 per cent. The market gradually became heavy, and at about 1:30 o'clock a reaction of 1% had been recorded, the latter in Manhattan. Subsequently the market recovered its tone, but again became irregular.

hattan. Subsequently the market recovered its tone, but again became irregular, closing dull and about steady. The Vanderbilts were more active than usual today. Michigan Central declined % to 93% and jumped to 97. Canada Southern advanced % to 51, the highest price touched this year, but reacted % per cent. Lake Shore sold up % to 137%, closing 3% below the best. The principal advances in the general list are: National Linseed, 1%; Denver & Rio Grange preferred, %, and Rubber, Leather preferred, Sugar and Long Island Traction, % per cent. The declines were all fractional, except in Louisville & New Albany, which broke 1½ per cent. Manhattan and Delaware & Lackawanna are down % per cent. and the grangers

Manhattan and Delaware & Lackawanna are down & per cent., and the grangers 100 per cent. There was a moderate amount of trading in bonds, but the speculation was irregular. The aggregate sales were \$1,681,000. The principal change was a decline in Keokuk & Des Moines firsts of 2½ per cent. Government bonds were steady. State bonds were duil.

LOCAL GRAIN AND PRODUCE. Trade Good, All Things Considered,

with Firm Prices Ruling. The volume of business is fully up to expectations, and without doubt April, 1895, is to show a decided increase in business over April, 1894. As a rule prices are better than last year, Bills are being met with much more promptness, which is quite an item with wholesale merchants. Grocers. are busy and the steadiness to prices increases. It is now months since any important change has been made in any staple article in this line. Druggists are havgood trade, the demand for paints and olls increasing. Hardware men report trade improving. Leather dealers speak of business as good. Hides are active, with firm prices. On Commission row trade is hardly up to expectations, but prices are well held. Poultry is weak, and eggs go

off 1 cent. Shippers yesterday would pay that 9 cents. The local grain market is dull. Wheat is in better request at the advance, but the demand for oats and corn is not as active, Still, with light receipts, all ar-rivals are taken at the following range W.eat-No. 2 red, 551/e; No. 3 red, 531/e;

Miss Craig Shows How It May Be Used in Every Household.

The last week of the pure food exposition at Tomlinson Hall promises to be much more successful as considered from a financial standpoint, than the first week. While the attendance last week was very good, it was not up to the expectations of the hanagement, but yesterday afternoon the room was fairly well filled and last night it was crowded. The dropping of the general a.lmission to fifteen cents has placed it in the reach of all and the people are taking advantage of the opportunity for seeing the unique exposition. The exhibitors are con tinuing to distribute free samples of all their goods, as they feel that that is the best mode of advertising their wares.

The cooking lectures delivered by Miss Sarah Craig each afternoon at 3 o'clock, are attracting wide attention among the ladies. The lecture room was crowded yesterday afternoon, to hear the talk on "Chafing Dish Cooking." Miss Craig and her efficient attendants were busy during the talk in their model kitchen, preparing the dainties of which Miss Craig toll. She prepared a fish course first, ser/ag the women of the audience with lobster Newberg. She also served cream chicken with rice border, welsh rarebit, and told of about 150 things which the Frenchman makes along the same line. In her lecture she said:

"The chafing dish has become an almost invaluable addition to the culinary department of every household, and new features regarding its resources are constantly appearing. We can truly say it is quite the "fad" and ladies prepare many dainty toothsome dishes at the table with the aid of chafing dish, and many of our gentlemen use them with ease and a definess most astonishing. Here are a few of the things one may prepare on them. Brook trout ing Dish Cooking." Miss Craig and her may prepare on them. Brook trout calf's liver, omlets, chops, creamed dishes of all kinds, curried dishes, eggs in almost every way, lobster Newberg, oysters in many ways, Maryland terrapin, Welsh rare-bit and numerous other dishes."

ALS, ALL LINES DECLINING.

Fair Weather and Slow Demand from Abroad-Provisions Were Firm and Scored Good Advances.

CHICAGO, April 9.-Fair weather and easy cables resulted in an easy wheat market to-day, May closing %c lower, liberal clearances and good cash demand preventing a further decline. Corn closed %c lower for May, and May oats lost %c. Provisions went the other way, scoring good

Wheat opened weak. Sunshine after rain did it principally. The cables reflected yesterday's easier feeling here. The crowd had wheat for sale at 54%c for May at the opening, against bids of 55c at the close of yesterday's session, and in the course of an hour it worked down to 54%@54%c. It showed no signs of recovering until the clearances from New York were found to amount to the equivalent of 354,000 bushels in wheat and flour together. A recovery to 54%c took place after the New York clearances became known. A good demand was reported as still existing here for red winter wheat for shipment. Bradstreet's visible statement reported a decrease in wheat stocks on both sides of the Rockies in this country of 2,194,000 bushels and an in this country of 2,194,000 bushels and an increase in and afloat for Europe of 384,000 bushels, making a net decrease of 1,810,000 bushels in the world's stocks. No change in the price here occurred immediately after the announcement. The Minneapolis and Duluth receipts to-day were 295 cars, against 375 a year ago, and the Atlantic port clearances of wheat and flour aggregated 332,000 bushels. The continental demand for wheat, to judge from the destination of the week's shipments from all countries, is very much in excess of the countries, is very much in excess of the English purchases of the quantity shipped from the Baltic and sundry other ports last week. The United Kingdom took 640,000 bushels and the continental countries 2,-400,000 bushels, and the respective proportions of the shipments of the week previous were, to the United Kingdom, 400,000 bushels and to the continent 1,840,000 bushels. The price touched 55c about midday, and after-ward remained firm at around 54%c, which was bid at the clos

Corn opened weak, and a heavy feeling prevailed throughout the session. The receipts were light at this point and elsewhere, as compared with the movement of last year, but the demand was proportionately light. The number of carloads inspected here was 143 cars. May opened at 464c seller, and with few buyers spected here was 143 cars. May opened at 45%c seller, and with few buyers at that. It soon became very weak under selling by two or three prominent operators, and in the course of an hour or so it had declined to 45%45%c. Some recovery then commenced, and during the last half hour 45%c was the ruling price. It closed at 45%c ing the last half hour 45%c was the ruling price. It closed at 45%c.

Oats were fairly active. The market ruled easier under free selling by longs. Kennett-Hopkins bought a good many oats. Other trading was scattered. May started at 29c, sold at 29%c, declined to 28%c, sold again at 29c, and closed at 28%0 29c. July ranged from 27%c to 27%c, clos-

29c. July ranged from 27%c to 27%c, closing at 27%@27%c. To-day's receipts amounted to 247 cars, of which 172 cars graded contract. Provisions opened about at the closing price of the day before, but soon devel-

price of the day before, but soon developed an amount of strength that made the shorts climb. From \$11.90 at the opening for May pork, it rose in the course of an hour to \$12.30, and closed at \$12.27\%, a recovery of 35 cents since yesterday. May lard started at 6.87\%c, and advanced to 7.02\%c, the latter about the highest for the day and closing quotation. May ribs opened at 6.32\%c, rose to 6.37\%c and closed at 6.35c. Hog receipts were only 12,000 today, the light receipts and liberal buying by Armour giving the market its sharp upturn. Estimated receipts for to-morrow: Wheat, 7 cars; corn, 43 cars; oats, 120 cars; hogs, 12,000 head.

Elsewhere. CHICAGO, April 9.—Although only about 3,000 cattle were received here to-day there was no advance in prices, it being a dull market, such as is generally witnessed market, such as is generally witnessed on Fuesday. Sales were on a basis of \$4.75@6.25 for medium to choice steers weighing from 1.100 to 1,500 pounds, with transactions 1.100 to 1.500 pounds, with transactions largely at \$5@6, and extra beeves averaging 1.500 to 1.650 pounds, were nominal at \$6.25 @6.50. A great many fat steers, averaging between 1.350 and 1.450 pounds, have been sold within the last few days around \$6, while steers, no heavier, but smoother and choicer, have been picked up at \$6.10@6.25. Cows sold to-day at \$1.75@4.80, largely at \$2.75@3.75.

\$2.75@3.75.

The hog receipts of to-day did not exceed 13,000 head and prices ruled about steady at yesterday's advances, the best being quoted at \$5.40, with the bulk of the sales at \$5@5.25. The most striking feature of the market is a growing demand for choice light hogs, and an increasing tendency to pay higher prices for such droves. At the present time there is a difference of 30c per 100 pounds between the best light and the best heavy, whereas, a year ago, the difference was only 10c, the choicest heavy selling at that time at \$5.35 and the best light at \$5.25.

Only about 7,000 sheep and lambs were received to-day. Choice 80-pound Colorado fed lambs are selling at \$6.10, and sales are made from this figure all the way down to \$4.90 for nice yearlings. Sheep are selling lambs are selling at \$6.10, and sales are made from this figure all the way down to \$4.90 for nice yearlings. Sheep are selling readily at \$4@4.85, inferior to medium going at \$2.40@3.90. Most of the sheep coming forward are Westerns, but few choice natives sell now and then around \$5. Spring lambs, weighing a little over 40 pounds, sell for \$7 per 100 pounds. Receipts—Cattle, 3,000; calves, 1,800; hogs, 13,000; sheep, 7,000. ST. ANOTHER BATCH RECEIVED BY THE BOARD OF WORKS.

Sprinkling Bids Opened and Several Rejected-Various Contracts Let-Sewer Work.

The Board of Works yesterday opened

bids for the construction of two girder bridges, one at the Raymond-street crossing of Pleasant run and the other at the Pratt-street crossing of the canal. For the Raymond-street bridge the following bids were received: Rochester Bridge Company, \$3,874; Wrought Iron Bridge Company, \$3,-150; New Columbus Bridge Company, \$3,150; Massillon Bridge Company, \$3,090; Indiana Bridge Company, \$2,800; Toledo Bridge Company, \$2,690; Youngstown Bridge Company, \$2,668; American Bridge Company, \$2,631; J. D. Adams & Co., \$2,580. On the Pratt-street bridge: Rochester Bridge Company, \$1,828; Massillon Bridge Company, \$1,525; Wrought Iron Bridge Company, \$1,800; J. D. Adams & Co., \$1,480; Indiana Bridge Company, \$1,-415; Toledo Bridge Company, \$1,450; New Columbus Bridge Company, \$1,575; Youngstown Bridge Company, \$1,413; American Bridge Company, \$1,498. The board did not let the contracts, as it is intended first to have the city engineer examine them. The different firms bid upon the specifications, which prohibit subletting, and the question whether the contracting firms can sublet the stone work will have to be considered by the board.

MORE SPRINKLING CONTRACTS. Some Extremely High Bids Received

and Relected. The Board of Works yesterday afternoon let the contracts for sprinkling a few streets which the board has decided upon sprinkling since the regular contracts were let. For sprinkling Missouri street, from Washington to Market, the City Sprinkling Company asked \$70 for each 10,000 feet, and for West Court street it asked \$35. The board rejected these blds. The company claims that it has no assurance of being paid by the property holders and cannot afford to take the risk at a low rate. S. P. Hamilton offered to sprinkle Walnut street, from Fulton to Pine, for \$27.90, and the bid was accepted. On the sprinkling of bid was accepted. On the sprinkling of Brookside avenue there were three bids: F. W. Nolting, \$39; H. F. Nolting, \$35; S. P. Hamilton, \$27.70. The latter was awarded the contract. The City Sprinkling Company bid \$70 on Missouri street, from Washington to Merrill, and the bid was rejected. Peter Olsen was awarded the contract of sprinkling Meek street, from Liberty to Noble, at \$26.80. Fuehring Brothers were awarded the contract of sprinkling the following streets at \$34.90; William street, Arsehal to State; Summitt street, Washington, south to the railroad tracks; Arsenal avenue, Washington, south to the railroad tracks; McKim street, Washington to William.

MIGHT EXPEDITE MATTERS.

Gas Investigating Committee Working Without a Regular Attorney. The question has been frequently asked why the Council investigating committees have never called upon City Attorney Scott for legal assistance. When the Council was investigating the old Board of Works, the cross-examination was all conducted by members of the committee, and it was said that had a lawyer been employed the work of the committee could have been shortened. The present committee appointed to investigate the gas question has no regularly employed attorney. Mr. Chambers, who is a member of the associate committee from the Commercial Club, has kindly volunteered to question witnesses, but no one has mapped out a course of investigation or prepared questions to be asked. Mayor Denny said yesterday that he did not know why Mr. Scott or one of his assistants had not been called upon, unless it was that the members of the committee thought the time of the department of law too much occupied with other matters. Very little has been accomplished by the gas committee except to gather information upon which future examinations may be conducted. The committee has no stenographic report of any of the meetings. It has not fully been decided whether to visit the gas field or not. Members of the Council committee think such a trip would be advisable, but some of the members of the associate committees think all the necessary information can be obtained from the two gas companies. Club, has kindly volunteered to question

Sewer Contracts Let. When the Board of Works opened bids vesterday for constructing the system of local sewers in West Vermont street it was found that Horace H. Fletcher and Gansberg & Roney had each bid \$1.25 a foot. Lots were drawn and Fletcher received the contract, the successful lot being selected by a newspaper man who was present. The other bidders were: Mansfield & Allen, \$1.70; Sheehan Brothers, \$1.26; Daniel Foley, \$1.34; Conduitt & De Ruiter, \$1.45; Fulmer-Seibert Company, \$1.47; L. E. Hazg, \$1.37; C. B. Mercer, \$1.34. On the contract for constructing a system of local sewers in California street. on the contract for constructing a system of local sewers in California street, Blackford street, Indiana avenue and the first alley south of North street, Sheehan Brothers were the successful bidders at \$1.48 a foot. The other bidders were: Horace H. Fletcher, \$1.47; Mansfield & Allen \$1.57; Gangherg & Boney len, \$1.57; Gansberg & Roney, \$1.65; William Bessert, \$2.12; Fulmer-Selbert Company, \$1.71; L. E. Haag, \$1.89; Conduitt & De Ruiter Company, \$1.75.

Another Clerk Needed. The Board of Works is in need of a new clerk to make copies of improvement specifications. Clerk Parker is somewhat behind in his work owing to the spring rush of business. The board will probably ask a new clerk appointed in the assessment bureau office to be detailed to copying work. The fact that members of the board work. The fact that members of the board have been making some inquiries regarding a suitable man gave rise to the rumor that Deputy Clerk Milford and Pierson Mendenhall, of the street commissioner's office, are to be dropped. Mr. Holton, president of the board, said last night that there is no truth in such a report. Mr. Milford is kept busy with his regular work and Mr. Mendenhall has all he can do, so they cannot be called upon to assist Mr. Parker.

Hunting Civil-Service Information. The civil-service board is sending letters to the different cities where civil-service rules are in force, asking information regarding the appointment of clerks and employes, especial information being sought regarding examinations for sanitary offi-cers. The board has no rules for the ex-amination to be held. The examination, which will be held next month, is open to all, and persons standing the highest will

to Massachusetts avenue, has been granted and the papers ordered prepared. Remonstrances have been filed against a brick pavement on Michigan street, from Blake to the old mill race, and against the asphalting of St. Clair street, from West street to Indiana avenue. The Board of Works yesterday refused to accept the remonstrance of the Big Four Railroad Company to the opening of

Fletcher avenue across its tracks, and confirmed all action previously taken, A petition ten feet in length was yester-day submitted to the Board of Works, ask-ing that one of the engine houses be lo-cated on H. W. Carter's lot, on Hillside avenue, near Seventh. It will be considered The Board of Works yesterday adopted resolutions for a brick pavement on Clifford avenue, for asphalting Capitol avenue from Ohio street to Indiana avenue and for grading and graveling the roadway and sidewiks of Edgewood street, from Sanders

street to Brinkmeyer avenue.

Police Relief Fund Directory. There have been a number of inquiries made at the police station as to the reliability of R. L. Edwards, who has been visiting the merchants of the city, representing a directory publishing company, and stating that half of the proceeds of a pocket directory, which he proposes to publish, are to go to a police pension fund. Eugene Harris, private secretary to Superintendent Powell, says the statements of Mr. Edwards are true. There has been a mutual aid association argument among the policement and ciation organized among the policemen, and Mr. Edwards offered to get up the directory and give half of the proceeds to the new organization, and he is now soliciting advertisements for the proposed book.
